The meeting was called to order at 7 p.m. by Dr. Driscoll.

#### 2015 INTEGRATED POSTSECONDARY EDUCATION DATA SYSTEM (IPEDS) FEEDBACK REPORT

The National Center for Education Statistics gathers educational and institutional data through the Integrated Postsecondary Education Data System (IPEDS). The 2015 IPEDS Data Feedback Report provides summary data for the previous fiscal year (FY14) for benchmarking and trend analysis against a group of peer institutions and for tracking IVCC trends over time. The peer institutions that IVCC chose for comparison purposes are Highland, John A. Logan, Kankakee, Kishwaukee, Lake Land, Lewis and Clark, McHenry, Richland, Sauk Valley, and Illinois Eastern. Figure 1 identifies the percent of all students enrolled, by race/ethnicity, and percent of students who are women. Eighty-two percent of the students are white, 58 percent are women, and 11 percent are Hispanic/Latino. In Figure 2 unduplicated FY14 headcount fell to 6,303 down from 6,853, continuing a downward trend since FY11. Over the past 5-year period, six of IVCC's peers saw double-digit losses, while only Lake Land experienced a modest increase of 5.8 percent, due largely in part to its increase in correctional facilities enrollment. Fall term, full-time headcount decreased two percent, to 1,467. Part-time fall headcount fell 6.7 percent. During the same period, eight of IVCC's peers also posted losses. In Figure 3, the total number of degrees and certificates awarded in FY14 decreased by 95. Compared to IVCC's peers, IVCC ranked 5<sup>th</sup> in the total number of degree and certificates awarded. IVCC awarded 511 associate degrees, down 45 from FY13, while the peer group averaged 502. In Figure 4 Academic Year Tuition and Fees for Firsttime, Full-time, Degree/Certificate-Seeking Undergraduates for FY15 increased \$320. Among its peers, IVCC's tuition and fees increased in rank from 5<sup>th</sup> to 3<sup>rd</sup> out of 12. Kishwaukee and Kankakee rank above IVCC. Net Price of Attendance in Figure 5 is the average cost of attendance

(including, tuition, fees, books, supplies, room & board, and travel expenses) minus the average grant or scholarship aid awarded to first-time, full-time students. Localized factors, such as living expenses, housing costs, and transportation expenses, play an important part in determining this cost so peer comparisons are not always relevant. In Figure 6 the percentage of first-time, fulltime students receiving Pell grants increased from 57 to 61 percent. IVCC ranked 11th in the percentage of students receiving institutional grants, with only six percent of students receiving such aid. Seventeen percent of IVCC first-time, full-time students took federal loans in FY14, an increase from FY13. IVCC ranks 6<sup>th</sup> in this category. In Figure 7 the average grant size received by first-time, full-time students increased slightly. IVCC ranked 7th in the average size of its grant aid package awarded to first-time, full-time students, 10th in the average size of its Pell grants, 10th in the size of its State/local grants, and 10<sup>th</sup> in the size of its institutional grants. The average size of loans taken by these students was \$4,267, 3<sup>rd</sup> highest among its peers. In Figure 8 the percentage of All Undergraduates receiving Any Type of Grant Aid decreased from 40 to 38 percent. The overall percentage of students receiving federal loans decreased from ten percent to nine percent. IVCC ranks 9<sup>th</sup> in this category, same as last year. In Figure 9 the average amount of any grant aid increased slightly, with the size of the Pell grants increasing. Pell typically makes up the largest share of grant aid. The size of the average federal loan decreased from \$4,906 to \$4,880. In Figure 10 the overall Graduation Rate decreased from 30 (2010 cohort) to 24 (2011 cohort) percent, leaving IVCC ranking 10th amount its peers. In Figure 12 the percentage of first-time, full-time students (2010 cohort) graduating within the normal time (100 percent or two years) decreased from 16 to 12 percent, which placed IVCC below the peer median of 14 percent. The percentage of students graduating within 150 percent (three years) of the normal time decreased from 35 to 30 percent, with the peer average at 26 percent, ranking IVCC 4<sup>th</sup> among its peers. Finally, the percentage graduating with 200 percent (four years) of normal time decreased from 40 to 38 percent, placing IVCC above the median of 31 percent and 4<sup>th</sup> among its peers. In Figure 13 the percent distribution of core revenues from Tuition & Fees increased from 9 percent to 15 percent in FY14. The 75 percent State match for the CIC project was included in core revenues in previous years and that accounts for some of the changes in percentages. IVCC is close to the median with Tuition & Fees and Local Appropriations. It falls below the peer median in Government Grants & Contracts. In Figure 14 Total Core Expenses per FTE Enrollment increased 7.3 percent, to \$12,342, from FY13 to FY14. As enrollments have decreased, the cost per credit hour (therefore, cost per FTE) has increased. Compared to our peers, IVCC spent slightly below the median amount per FTE Enrollment. In Figure 15 the number of FTE employees fell from 254 in fall 2013, to 250 in fall 2014. In terms of the percentage of FTE positions, IVCC ranked above the median for Instruction/Research/Public Service positions, and slightly below the median in terms of Executive/Administrative/Managerial positions, Other Professional (Support Service) positions and Non-professional positions. In Figure 16 the Average Salary for Full-time Instructional staff increased by 3.3 percent from FY13 to FY14. IVCC's FY14 average Full-time Instructional Staff salary is \$68,256, which ranks IVCC 3<sup>rd</sup> among its peers.

Dr. Driscoll noted that other schools are struggling. Are there things that IVCC should be doing to promote the value of IVCC education. The stability of IVCC, relative to other organizations, may help enrollment and IVCC should take advantage of its stable position. A recent article noted that the budget impasse is driving a lot of seniors to go out of state. IVCC was in the majority of community colleges funding MAP grants in the fall, but in the minority for funding MAP grants in the spring.

#### MARKET PENETRATION REPORT

The high school market penetration rate is the percent of recent high school graduates in the IVCC district who enroll at IVCC. There are 22 public and private high schools of which five are split high schools meaning the students have the option of enrolling in neighboring community college districts with in-district tuition rates. In previous reports various methodologies were used which is difficult to apply consistency. For 2015 enrollments the methodology used in 2010 was looked at, which was a very consistent method to calculate high school market penetration so there is not as much fluctuation in previous reports. This report includes all spring graduates that matriculate anytime during the academic year (summer, fall and spring terms). Over the years the rate of market penetration has been in a relatively narrow 3.7 point range. IVCC's rate has fluctuated from a low of 19.1 percent in 2012 to a high of 22.8 percent in 2013. The result is an average 21.5 percent over the six-year period. An estimated 10,967 high school seniors graduated from District #513 high schools; of that, 2,354 enrolled at IVCC. In comparison to 2010, the 2015 overall district graduating class size has dropped 137 students, but only 15 fewer students enrolled at IVCC. It appears in the immediate future that senior class sizes are either declining in magnitude or leveling off depending on school size, with only a few schools growing. IVCC has five splitdistrict schools with a small number of students that annually enroll from these schools. After removing the enrollment numbers from the analysis, the average penetration rate increased from 21.5 percent to 24.3 percent. IVCC makes every attempt to capture accurate high school information from students when they register, but it has not always been required and not all students supply complete high school information. With missing information, these students are excluded from the market penetration calculation. The Office of Admissions and Records has made great strides in correcting this deficiency and as a result nearly 100 percent of the high school information from the freshman class of 2015 has been captured making for a much more reliable report. This report does not include dual credit high school students as they are categorized by ICCB as high school students as long as they are currently enrolled in secondary education. Eighteen of the 22 high schools in the district have dual credit. It was suggested to calculate market penetration both ways, with and without dual credit.

Laurie Bonucci noted a significant decline in high school enrollments on the western side of the district. Even when IVCC is capturing a certain percentage of the graduating classes, if the graduating class is declining, IVCC will see a decline. It was suggested to gather elementary enrollments to see what the future will bring. It was pointed out that the fall graduates should be considered. What percentage of high school seniors actually go on to college? If there is a decrease in high school seniors going on to college, this would affect market penetration.

# PERSONAL ASSESSMENT OF THE COLLEGE ENVIRONMENT (PACE) (NOVEMBER 2015)

The survey was administered to 366 employees with 220 (61.1 percent) completing and submitting the instrument for analysis. There are four leadership categories – Collaborative, Consultative, Competitive and Coercive with Collaborative being the ideal environment generally producing better results in terms of productivity, job satisfaction, communication, and overall organizational climate. Most colleges fall in the Competitive and Consultative systems. The overall results from the PACE instrument at IVCC indicate a healthy campus climate, yielding an overall 3.73 mean score or high Consultative system. Scores improved for faculty, administration, and dropped by the support staff. The administration is aware of the support staff issues and is trying to do

Minutes of IVCC Board Planning Committee Meeting April 4, 2016 Page 4

everything they can to support them. It was noted that 29 strongly agreed and 47 agreed that as a whole, IVCC is better than it was two years ago.

## **BOARD POLICIES**

Board policies were presented for a second reading at the January 14, 2016 board meeting. The agenda item was tabled to address concerns of a board member. Policies that were revised were identified in dark red. Another policy was presented, Board Policy 6.16 - Bicycles, Skateboards and Hoverboards on Campus. Clarification was made on Board Policies 3.18 and 3.19 regarding reference checks being conducted on the top two candidates including the their current supervisor. Board Policy 5.4 – Use of Campus and Network Computing Resources states that the College's technology resources and the data entered, created, received, viewed, accessed, stored or transmitted by the College's technology resource are College property with the exception of student-created work stored on network drives. There is not an exact time for student-created works to be retained. Email correspondence is never deleted. In Board Policy 5.5 - Use of Facilities and Equipment - was prohibited inside College facilities and on all College property. The question was asked if this included tobacco use. The administration will check the Smoking policy. The campus SaVE (Sexual Violence Elimination) Act has required Board Policy 6.13 -Sexual Misconduct, Sexual and Other Harassment to be tighter and make it more transparent. Any complaint brought forward would have to be investigated and provide students with an outlet to file the complaint. Federal law mandates that instances off campus must be investigated. Three administrators (Deb Anderson, Glenna Jones and Mark Grzybowski) are training in this area. The policy must provide specific definitions, specific individuals, identify harassment, etc. The changes to the policy bring the College in compliance with federal regulations. The state compliance goes into effect in July; therefore, additional changes to this policy will be forthcoming. Before policies are brought forward they are taken to the Education Excellence Council (EEC) to give members of EEC the opportunity to speak on behalf of the faculty to bring any concerns forward. It was noted that language was added to the faculty handbook that compliance with board policies is expected or faculty can expect discipline up to and including termination.

#### **APPROVAL OF AGENDA**

It was moved by Dr. Huffman and seconded by Dr. Driscoll to approve the agenda, as presented. Motion passed by voice vote.

#### **PUBLIC COMMENT**

None.

#### RECOGNITION

Ms. Olivero read a resolution and presented it to Austin Burnette on behalf of the Board of Trustees to express their sincere appreciation that he has given generously of his time, energy, and talents in his responsibilities to the college as a student trustee. Mr. Burnette noted being a student trustee was an awesome opportunity and everyone on the Board made it all the more special by guiding him through the process. It was an honor and privilege to serve as student trustee and he thrived on the institutional drama. He looks forward to being involved in the community and to all the

college plans coming to fruition. He thanked the Board for helping him be the voice of the student body.

#### CONSENT AGENDA

It was moved by Mr. Solon and seconded by Ms. Goetz to approve the consent agenda, as presented. Motion passed by voice vote.

The following items were approved in the consent agenda:

#### PRESIDENT'S REPORT

Dr. Corcoran reported the Modern Language Association's Executive Council has appointed Dr. Robyn Schiffman, dean for English, Math and Education, to a three-year term on its Committee on Community Colleges. The MLA is the largest and most influential professional association for English and language teachers in higher education. Dr. Corcoran congratulated Dr. Schiffman on her appointment. There was more news from Dr. Schiffman's division. It was confirmed late last week in that it is now official that IVCC has earned accreditation from the National Association for the Education of Young Children for its Early Childhood Associate Degree program. In layman's terms, this means that IVCC will be looked upon as a national leader in early childhood professional teacher preparation. Dr. Corcoran noted that high quality programs and services are a reflection of the people who work at IVCC. Tammy Landgraf will be recommended for full-time employment to follow Diane Christianson upon her retirement. Dr. Corcoran congratulated Diane, Tammy, and Lynne Weber for the work they have put into gaining this national recognition. Michael Pecherek was recently honored at the local Omni Arts awards ceremony with the Music Award of Excellence. IVCC is lucky that Mike's dedication to the arts and teaching have been so apparent to everyone at IVCC. IVCC's students and Mike's colleagues have acquired a much better appreciation for music because of his influence. Everyone talks a lot these days about STEM programs and their connection to jobs, however, it is Mike who often makes sure that the letter "A" is added to that acronym (as in "STEAM") so that it reflects the importance of science, technology, engineering, the arts, and math when describing a well-rounded education. The annual student academic awards banquet held on April 5 was a terrific event thanks to Mark Grzybowski, Linda Hawkins and Crystal Credi. Dr. Corcoran thanked Trustees Laurie Bonucci and David Mallery for representing the Board. Dr. Anderson and Dr. Corcoran both felt that all of the speakers, including Mark, Dr. Pat Pence, Kaitlin Raineri and Trevor Finnan, did a wonderful job.

Kaitlin Raineri and her mother joined Dr. Corcoran and Eric Schroeder earlier this week in Chicago as the 2016 All-USA Community College Academic Team and Coca-Cola New Century Scholars were recognized and celebrated for their academic excellence and outstanding leadership accomplishments. Kaitlin was the top-scoring student from Illinois (with 1,900 nominations received) and IVCC is very proud of her. IVCC is equally proud of Austin Burnette who will be honored in Springfield on April 19 for being a member of the All-Illinois Academic Team along with Kaitlin. Dr. Corcoran congratulated Austin on his academic accomplishments. Janice Corrigan, Donna Swiskoski, Fran Brolley and a large group of supporters across the college planned and executed a wonderful "70s Night" fundraiser for the IVCC Foundation last weekend. Dr. Corcoran thanked Melissa and Doug Olivero, Larry and Chris Huffman, Jane and Keith Goetz, Everett and Dee Solon, Walt and Nancy Zukowski, and Dominick Demonica for their tremendous financial support of this special event. Cory Tomasson has advised Dr. Corcoran of the results of the recently held SGA elections: Ellen Herrmann is the new student body president, Lexi Scarpaci is vice president, Sarah Tipton will be joining the Board on a monthly basis as student trustee, Christian Mendez is the SGA secretary, Abbey Azarskis is the treasurer, Gabe Braboy and Mike Milaski are sophomore representatives, and Dexter Baker and Hugo Perez have both been elected to handle sophomore programming board duties. Dr. Corcoran thanked everyone who encouraged these students to step forward and serve in such important leadership positions. And finally, Dr. Corcoran asked the Board members to let his office know if they are planning to attend the annual employee recognition event on April 29 at Grand Bear Lodge, and Lobby Day activities in Springfield on May 4.

## **COMMITTEE REPORTS**

Dr. Driscoll reported on the highlights of the Planning Committee which was held on April 4, 2016. He pointed out the 2015 Integrated Postsecondary Education Data System (IPEDS) Feedback Report showed a decline in enrollment which is a big concern as a College. Undergraduate fees increased \$320 which caused IVCC's tuition and fees to increase in rank from fifth to third out of twelve. The net price of attendance increased and IVCC now ranks second among its peers. The Market Penetration Report is the percent of recent district high school graduates that matriculate at IVCC which is between 20 to 24 percent. The report provides data, but Dr. Driscoll feels he is left asking for more. On the Personal Assessment of the College Environment (PACE) survey, Figure 3 ranks the College climate into four categories - coercive, competitive, consultative, and collaborative. IVCC ranked close to the consultative to collaborative which was encouraging to see. The lowest scores were in the consultative program or quality program. The College needs to work on the Academic Quality Improvement Program (AQIP). There was positive and negative feedback to help the College become better. Mr. Mallery had concerns with IVCC being higher than its peers in tuition and fees, federal loans, and institutional support. He encouraged the Board and administration to look at these areas again. Ms. Olivero noted the Audit/Finance Committee has worked with the administration to hold expenses and Ms. Goetz noted the faculty might have a longer period of experience while the peer groups do not. The report does not have all the information.

Mr. Burnette attended the March ISAC meeting. He noted IVCC's textbook rental was a model for other community colleges. The net cost per book on the rental program was \$28. The other item discussed was the lowering of high school equivalency scores to enroll in college. There is a

concern that the higher load of real courses that would be required may end up being a barrier to students taking on an extra semester and lowering their confidence to get through the degree program. Colleges may want to consider this as they move forward with their remedial programs.

## FACULTY RETIREMENT – KAUSHALYA JAGASIA, ENGLISH INSTRUCTOR

It was moved by Mr. Solon and seconded by Dr. Driscoll to accept with regret Kaushalya Jagasia's request for retirement effective August 1, 2016 and wish her a long, happy, and healthy retirement. Motion passed by voice vote.

## FACULTY APPOINTMENT – MS. TAMMY LANDGRAF, EARLY CHILDHOOD EDUCATION INSTRUCTOR/PROGRAM COORDINATOR

It was moved by Ms. Goetz and seconded by Mr. Burnette to approve the appointment of Ms. Tammy Landgraf as Early Childhood Education Instructor/Program Coordinator assigned to the Division of English, Mathematics, and Education, with placement on the 2016/2017 faculty salary schedule at Step B-8, \$51,496 annualized. Motion passed by voice vote.

Dr. Anderson read a statement from Ms. Landgraf who was unable to attend the meeting. Ms. Landgraf thanked the Board for their commitment to IVCC and its students by serving on the Board. She thanked them for approving her employment and she is looking forward to building on the strengths of the program and taking new steps in outreach and marketing to showcase all of the changes the ECE program has undergone. She is working closely with Diane Christianson, retiring ECE Program Coordinator, to ensure a smooth transition that upholds and exceeds the reputation already established.

## SABBATICAL LEAVE REQUEST – SUE CALEY OPSAL

It was moved by Dr. Huffman and seconded by Ms. Goetz to approve the sabbatical leave for Sue Caley Opsal for 2016-2017 academic year. Said leave to be governed by the conditions stipulated in the agreement between the American Federation of Teachers Local 1810 and the Board of Trustees of Illinois Valley Community College District No. 513. Motion passed by voice vote.

## SABBATICAL LEAVE REQUEST – JEFFREY SPANBAUER

It was moved by Mr. Solon and seconded by Dr. Driscoll to approve the sabbatical leave for Jeffrey Spanbauer for fall semester 2016. Said leave to be governed by the conditions stipulated in the agreement between the American Federation of Teachers Local 1810 and the Board of Trustees of Illinois Valley Community College District No. 513. Motion passed by voice vote.

## **BID RESULTS – AUDIO VISUAL EQUIPMENT FOR LECTURE HALL D225**

It was moved by Mr. Mallery and seconded by Dr. Huffman to accept the bid of \$14,230 from Perlmutter Purchasing Power, San Diego, CA for audio visual equipment for lecture hall D225. Motion passed by voice vote.

## **BID RESULTS – EXMARK LAZER X MOWER**

It was moved by Dr. Driscoll and seconded by Mr. Solon to accept the bid from Smith's Sales & Services as the lowest, most responsible bid for an Exmark Lazer X Mower in the amount of \$6,749. Motion passed by voice vote.

#### TRANSFER OF FUNDS FOR CLASSROOM TECHNOLOGY IMPROVEMENTS

It was moved by Dr. Driscoll and seconded by Dr. Huffman to approve the transfer of \$18,866 from the Auxiliary Enterprise Fund to the Education Fund for Classroom Technology Improvements. Motion passed by voice vote.

#### FY2017 BOARD OF TRUSTEES BUDGET

It was moved by Ms. Goetz and seconded by Mr. Solon to approve the tentative FY2017 Board of Trustees Budget, as presented. Dr. Driscoll questioned the expense of the ICCTA membership. Due to the lack of funding from the state and the limited benefits of the organization, he recommended discontinuing the membership in ICCTA. Melissa noted that the organization has a good trustee orientation program, many student trustee benefits, and many events for presidents of community colleges. Ms. Bonucci noted she learns a lot from the emails received from ICCTA. Mr. Mallery suggested the student activities fee cover the cost of the student trustee. Mr. Mallery did feel that ICCTA does lobby for the community colleges and community colleges fair better than the other higher education institutions in the percentage that is adjusted each year. Community colleges have held level funding from the state and lobbying was not effective this past year. A roll call vote was taken with aye – continuing the membership in ICCTA.

Student Advisory Vote: "Aye" – Mr. Burnette. Roll Call Vote: "Ayes" – Mr. Solon, Ms. Goetz, and Ms. Olivero. "Nayes" – Mr. Mallery, Dr. Driscoll, Ms. Bonucci, and Dr. Huffman. IVCC will discontinue its membership in the ICCTA. The Board of Trustees budget will be adjusted and presented at next month's meeting.

#### **BOARD POLICIES (SECOND READING)**

It was moved by Ms. Goetz and seconded by Ms. Bonucci to approve the changes to the Board Policies as presented and approve the new Board Policy – Credit Hour as presented. Since the last reading of the Board policies, updates and changes were made. The policies are current with the direction from the Board of Trustees. Mr. Mallery had concerns with Board Policy 6.13 – Sexual Misconduct, Sexual and Other Harassment. He does not want anyone subject to harassment and the whole section on definitions and examples of Board Policy 6.13 is based on Title IX. Mr. Mallery believes another section is needed above and beyond Title IX. Ms. Olivero asked the administration to address other examples of harassment outside of sexual harassment and to work with Walt Zukowski. Motion passed by voice vote.

## **RATIFICATION OF ENGAGEMENT LETTER**

It was moved by Ms. Bonucci and seconded by Mr. Solon to approve entering into a mutually agreeable engagement letter with Atty. Stephen E. Balogh. Motion passed by voice vote.

#### **TRUSTEE COMMENT**

Laurie Bonucci attended the Student Academic Awards Ceremony and noted it was a wonderful night. She commented on the appointment of Ed Young as the Head Women's Soccer Coach. He was a coach at her children's school and noted that Mr. Young is not all about winning; it is about character with Mr. Young.

## **CLOSED SESSION**

It was moved by Dr. Driscoll and seconded by Ms. Goetz to convene a closed session at 7:23 p.m. to discuss 1) the appointment, employment, compensation, discipline, performance, or dismissal of specific employees of the public body; 2) probable litigation; 3) student discipline; 4) collective negotiations; and 5) closed session minutes. Motion passed by voice vote.

After a short break, the Board entered closed session at 7:32 p.m. On a motion by Ms. Bonucci and seconded by Dr. Driscoll, the regular meeting resumed at 9:39 p.m. Motion passed by voice vote.

## **CLOSED SESSION MINUTES**

It was moved by Mr. Solon and seconded by Ms. Bonucci to approve and retain the closed session minutes, as amended, for the March 10, 2016 Board meeting. Motion passed by voice vote.

#### OTHER

Ms. Olivero noted the Board Self-Evaluation results were similar to last year. She noted that next year the Board may have new members and her term as chair will expire. At that time another board retreat should take place to discuss where the College is and where it will be going. Ms. Olivero asked everyone to review the evaluation and discuss any concerns at the next board meeting. Dr. Driscoll noted the way the Board has worked through difficult issues has been a nice step forward. As a team the Board showed respect and even though members had different opinions, Dr. Driscoll thought this was one of the more collegial boards this past year.

#### ADJOURNMENT

Dr. Driscoll declared the meeting adjourned at 9:46 p.m.

## Audit/Finance Committee Meeting April 18, 2016

The Audit/Finance Committee of the Board of Trustees of Illinois Valley Community College District No. 513 met at 4 p.m. on Monday, April 18, 2016 in the Board Room (C307) at Illinois Valley Community College.

The meeting was called to order at 4 p.m. by Dr. Huffman.

#### **FY2017 BUDGET ASSUMPTIONS**

Budget officers had a deadline of April 18 to have their FY2017 budget information to the accounting office. This information will be compiled and the budget council will meet on Wednesday, May 4 to prepare a balanced operating budget. There has been no update on property tax revenues since the last Audit/Finance meeting in February. The credit hours are projected to remain at FY2015 levels. Spring enrollments are leveled off and the decline has seemed to slow. State funding is based on 75 percent of the FY2015 appropriation. The budget is to be prepared with annual salary increases averaging 2.0 percent. The previous financial plan projected seven retirements, but eight retirements have been received - six full-time and two part-time employees. Four of the full-time employees are being replaced and two positions are going to the budget council for discussion. One part-time position will not be filled and the other position is going to the budget council for consideration to make this a full-time position. There is one additional position, the agriculture program coordinator/instructor. Benefits are projected to increase by 8.0 percent. The administration continues to look for other health care solutions including moving to another health insurance cooperative. Professional development will be budgeted at \$111,000. Capital expenditures are projected at \$200,000 to \$300,000. This will cover upgrades to Information Technology infrastructure and minor facility upgrades. Information Technology and Learning Technology departments have approximately \$400,000 in reserve funds to spend for

special projects. The Protection, Health, and Safety levy will cover the costs to replace air handlers and chillers in Buildings B and D. A \$10,000 match for Project Success is included in each year of the forecast. If the FY2016 state funding is 75 percent of FY2015 levels and the MAP grants are not funded, this is a loss of \$1.2 million in revenue for IVCC. As of June 30, 2015, the College had \$2.1 million in operating reserves above the required 25 percent required by board policy. These excess reserves can be used to cover any deficits caused by the lack of state funding for FY2016 and possibly for FY2017. After that the College will not have any reserves above the 25 percent. Budgets have been reduced and the only line items that can be reduced are salaries and benefits. If the College borrows from the \$4.5 million working cash fund, a plan to restore those funds within one year must be developed and followed. If it is not repaid, the entire working cash fund is abolished. The College may need to use working cash for cash flow purposes until the 2016 tax payments are received. With the low commodity prices, the value of farm land may be declining. Farm land is 16 percent of IVCC's EAV. Dr. Corcoran noted that IVCC has been fortunate compared to what information has been received from across the State. Dr. Corcoran attributes this to Cheryl Roelfsema and the Board's insistence of reserves.

## **REQUEST FOR PROPOSAL RESULTS – BANKING SERVICES**

Three proposals were received. Centrue Bank offered the best interest rate, a nearby location and a wide range of services. Illini State Bank has the lowest fees, a nearby location, did not offer all of the services, but did offer an interactive website. Illini State Bank does not guarantee its interest rate. First Midwest offered a wide range of services, the lowest interest rate, the highest fees, and its locations are approximately 25 miles from campus. The recommendation of Centrue Bank will be presented to the full Board.

## DEPARTMENT OF LABOR CHANGES TO OVERTIME RULES

The Department of Labor is expected to issue final regulations in early July modifying the current Fair Labor Standards Act overtime rules for salaried workers. The new regulations could go into effect as early as September 1, 2016. This could mean an additional \$30,000 in expenditures for the budget.

## DUAL CREDIT PROGRAM ENHANCEMENTS

Two options to enhance the dual credit program are being considered. If students qualify for the free or reduced lunch program at their school, the tuition could be waived if the courses are taught by a high school instructor. If the course is taught by an IVCC instructor, tuition would be free up to course capacity. This would not have any economic consequences but could increase enrollments and provide an opportunity to economically-disadvantaged students. It could incentivize the students to pursue their education at IVCC. Thirty-five percent of dual credit students pursue their education at IVCC. For courses taught by high school teachers, the high schools were reimbursed per course. The payment to the high schools was required by the ICCB to qualify for reimbursement. Since the start of the program, ICCB has dropped this requirement and the administration will work with each high school students who complete 30 credit hours of dual credit courses in high school could enroll at IVCC in the summer or fall semester following high school graduation and continue to get the reduced tuition for another 30 credit hours. Universal fees would be charged. It is estimated that approximately 20 students per year could

qualify for this offer. Completion of a FAFSA would be a requirement to enroll at IVCC. If the student qualifies for financial aid, the tuition would be paid by Pell or MAP first. It was suggested to gather information from the schools as to how many received dual credit courses free and how many of them enrolled at IVCC. It was also suggested to conduct a survey as to the number of free and reduced lunch students would enroll in dual credit courses. The administration will continue to work with the high schools to discuss the options and transition into it. There will be another Audit/Finance Committee meeting before the tentative budget is prepared to discuss the options further.

## INTER-DISTRICT COOPERATIVE AGREEMENTS

The College has inter-district agreements with four community colleges designed for split district high schools to provide students of these districts with the option of attending either community college at in-district tuition rate charges. The administration continues to look at the student's best interest and IVCC's best interest. This agenda item was to put the Board on notice that the administration is looking into these agreements.

## DALZELL TIF DISTRICT EXTENSION

Illinois Valley Community College and the Village of Dalzell entered into an intergovernmental agreement in 1995 to make the College "whole" when a TIF District was developed in Dalzell. The Village is asking for the College to support a 12-year extension to the TIF District and the College is complying provided the Village extends the intergovernmental agreement for another 12 years.

## **RESPONSE TO AUDITOR'S BUSINESS ADVICE**

During the last audit, suggestions were recommended for implementation into the College's best practices. A response to these suggestions was provided to the Audit/Finance Committee. One of the suggestions was to perform an independent assessment of its Information Technology external perimeter at least annually. The administration received a quote of over \$25,000 from the auditing firm and will be seeking requests because the cost was too high.

## FINANCIAL HIGHLIGHTS - April 2016

#### Revenues

• As of April 29, the headcount for spring semester was 3,701, which is 171 students less than at the same point in time last year. Credit hours for spring 2016 decreased by 1,967, or 6.71 percent, from this point in time one year ago, for a total of 27,342. Spring semester credit hours reached a high in spring semester 2010 with 40,455 reimbursable credit hours.

Registration for summer semester began on April 8. As of April 29, the headcount for summer semester 2016 was 1,025 and credit hours were 5,109, a 6.49 percent increase from one year ago. Total reimbursable credit hours for summer 2015 were 6,166, the first increase since summer semester 2009 when credit hours were 11,730.

Registration for fall semester began on April 13. As of April 29, the headcount for fall semester was 1,244 and credit hours were 13,595, an increase of .67 percent from this point in time one year ago. This is the first positive news about fall semester enrollments since fall semester 2010 when reimbursable credit hours reached a high of 43,998.

- On April 22, Governor Rauner signed SB 2059 which provided \$74,142,300 for community colleges and \$169,000,000 for MAP funding. IVCC will receive \$611,895 in base operating and equalization funding and \$273,786 for fall semester MAP grants. Spring MAP grants remain unpaid at approximately \$275,000. At this point there is no further appropriation and we may not record any additional State revenues for FY2016. The FY2017 budget is being prepared with the assumption of 75 percent of the FY2015 State appropriation.
- Four counties have reported EAV (equalized assessed valuation) numbers: DeKalb, Lee, Livingston, and Putnam. In total these counties are reporting a 1.7 percent increase in tax year 2015 EAV. Farmland values are up 2.7 percent; residential property up 2.1 percent, commercial property up 6.1 percent, and industrial property down 3.1 percent. These four counties are less than 10 percent of our total EAV; we hope these trends will continue in the remaining counties.

#### Expenditures

College operations are continuing as normal despite little State funding. Revenue projections show a shortfall of \$2.4 million in operating revenues: \$1.8 million in State funding and \$600,000 in tuition. The FY2016 budget included \$176,767 in contingency funds and a working cash transfer of \$70,000. There is \$250,000 available to transfer from the working cash fund. Expenditures are trending to be within the FY2016 budget. The lack of revenue could deplete our operating fund reserves to the required 25 percent of annual operating expenditures.

#### Protection, Health & Safety Projects:

- Building A Air Handler/Chiller Replacement at substantial completion; punch list items being worked on;
- Building B Air Handler/Chiller Replacement –a pre-construction meeting was held with John's Service and Sales on April 7, 2016; installation to start in December 2016;
- Building D Air Handler/Chiller Replacement approved by ICCB with installation planned for winter 2017;
- Lecture Hall D225 Renovation a pre-construction meeting was held with both Vanguard Contractors and Luse Companies; construction is scheduled to start the first week of May; completion is scheduled for early August 2016.

### Faculty Resignation - Tina Nink, Nursing Instructor

Tina Nink, Nursing Instructor, has submitted her resignation effective August 12, 2016. Her resignation letter is attached.

# **Recommendation**:

Accept with deep regret Tina Nink's resignation effective August 12, 2016 and wish her and her family well.

#### April 8, 2016

To: Bonnie Campbell, Dean of Health Professions; Dr. Corcoran, President ; and members of the IVCC Board of Trustees

It is with great regret that I must submit my resignation as a full time faculty member for the Nursing Department at Illinois Valley Community College effective August 12<sup>th</sup>, 2016. This decision has not come easily and I have been in constant contact with my Dean, Bonnie Campbell, and other members of the administrative staff to assist me in making a decision that would allow for a seamless transition so as to best meet the needs of myself, my family, the college, and our students. As some of you may know, over the last several years family obligations have increasingly become a priority, in particular with the birth of our second grand-daughter who required 3 open heart surgeries during her first 2 years of life. Six weeks ago our third grand-daughter was born, also with a small heart defect, and now there is strong suspicion of other defects as well. As a result I have chosen to resign my position as full time faculty to assist my daughter in caring for the children. It would be my desire to transition to the pool of part time faculty for the fall 2016 semester and retire in December after my 55<sup>th</sup> birthday. I wish to take this opportunity to thank my Dean, Bonnie Campbell, Dr. Corcoran, the Board, and all the members of the IVCC faculty and staff for allowing me the opportunity to serve the college for the past 17.5 years. It has been an honor and a privilege, one that I relinquish reluctantly. I hope in some small way that I may be able to continue to serve the college community. Once again, thank you all from the bottom of my heart.

Sincerely,

Tina Nink, RN, MSN Professor of Nursing, IVCC

# Additional Security Officers - Ottawa Center

When the Ottawa Center opened in fall 2010, IVCC provided security officers whenever the Center was open. In 2011, when G4S Secure Solutions took over the campus security function in Oglesby, the security officers at Ottawa were eliminated. Though there have been no serious incidents at the Ottawa Center, the Ottawa staff and administrators would like to see more of a security presence.

With the resignation of Ed Decker, an information specialist at Ottawa, it became an option to hire someone to serve as security and also fill Ed Decker's position at the Ottawa Center. This would be a 40-hour per week position working 7 AM to 3 PM Monday through Friday. A second person would be hired for 20 hours per week working 5 PM to 10 PM Monday through Thursday.

Our current security service, G4S Secure Solutions, can provide personnel with capabilities to act as a security officer, provide campus information to students and visitors, and perform other clerical duties. Though the contract states the College can request additional personnel on a temporary basis, this would be a long-term addition to the security staff. These individuals would wear what they refer to as a "soft" uniform – dress shirt, slacks, and a blazer with a small badge on the pocket stating they are G4S personnel. G4S Secure Solutions would charge \$21.02 per hour, or approximately \$63,000 annually, for these contract positions. The salaries would be paid from the Tort Liability Fund.

### **Recommendation:**

Authorize the administration to add an amendment to the contract with G4S Secure Solutions to provide a security officer for duty at the Ottawa Center at an hourly rate of \$21.02.

KPI 6: Job Satisfaction

# Associate of Applied Science in Paraprofessional Educator and Certificate in Paraprofessional Educator: Inactivation

At this time and with approval of the Curriculum Committee at their May 2, 2016 meeting, the administration is recommending the status of the paraprofessional educator AAS and paraprofessional educator certificate be changed to inactive.

At one time, the credential was required for hire as a paraprofessional in the Illinois school systems. Several years ago this requirement was changed so that the certificate was no longer required. Those interested in becoming paraprofessionals are able to meet these requirements through coursework, completing any associate degree of their choosing, or completing a test that is readily available through the ROE. This eliminates the need for a specialized curriculum such as a degree or certificate as a paraprofessional educator.

With the change in state requirements, enrollments in the paraprofessional educator programs have dropped to unsustainable levels, as indicated by the most recent data from the 2015 CTE program review:

| Program  | FY 2011 | FY 2012 | FY 2013 | FY 2014 | FY 2015 |
|----------|---------|---------|---------|---------|---------|
| AAS.PPE  | 0       | 0       | 0       | 1       | 0       |
| CERT.PPE | 1       | 0       | 0       | 1       | 0       |
| Total    | 1       | 0       | 0       | 2       | 0       |

Three credentials have been awarded in the past five years. In effect, there has been no viable paraprofessional educator program for a long time. It is time our official offerings reflect that reality. Should any students currently be pursuing this credential, we will be able to complete their degrees as no courses will be eliminated as a result of this deactivation.

## **Recommendation**:

Approve the inactivation of the Paraprofessional Educator Association Applied Science and Paraprofessional Education Certificate, effective May 21, 2016.

### FY2017 Board of Trustees Budget

At the April 14, 2016 Board meeting, the Board of Trustees voted to discontinue its membership in the Illinois Community College Trustees Association (\$11,334). The tentative FY2017 budget for the Board of Trustees has been adjusted.

### Recommendation:

# Approve the tentative FY2017 Board of Trustees Budget, as presented.

# **Request for Proposal Results – Banking Services**

Board Policy requires that IVCC seek proposals for banking services for the main operating account every four years.

The College has partnered with Centrue Bank for banking services since July 2012. Prior to Centrue Bank, Peru Federal provided banking services from July 2000 to June 2012.

Centrue Bank, First Midwest Bank, and Illini State Bank submitted proposals. All three banks are able to satisfy the requirements of Board Policy 4.13 – Investment Services.

|                              | Centrue Bank          | First Midwest | Illini State                       |
|------------------------------|-----------------------|---------------|------------------------------------|
| Interest rate                | .35% minimum          | .05%          | .32%                               |
| Variable index used          | Fed Funds Rate + .10% | Fixed Rate    | Daily Repurchase<br>Agreement Rate |
| Anticipated monthly earnings | \$818.09              | \$116.70      | \$694.44                           |
| Anticipated monthly fees     | \$226.70              | \$447.65      | \$70.92                            |
| Net interest / (fees)        | \$591.39              | (\$330.95)    | \$623.52                           |
| Remote Deposit               | Yes                   | Yes           | Yes                                |
| Positive Pay                 | Yes                   | Yes           | No                                 |
| Relevant locations           | Peru                  | Seneca/Serena | Oglesby                            |
| Interactive website          | Yes                   | Yes           | No                                 |

The following table represents a summary of the proposals for each bank.

Centrue Bank offers the best interest rate, a nearby location, and a wide range of services.

Illini State Bank has the lowest fees and a nearby location, but does not offer all the services. The interest rate is variable with no minimum.

First Midwest offers a wide range of services but has the lowest interest rate, the highest fees and locations approximately 25 miles from campus.

Therefore, it is the administration's opinion that Centrue Bank offers the College the most favorable arrangement.

# **Recommendation:**

The administration recommends Board approval to accept the proposal of Centrue Bank for banking services for the College's operating account.

# Proposal Results - Beverage Service

The administration issued a request for proposal for beverage service. The current threeyear agreement between the College and Pepsi Beverages Company expires on June 30, 2016. Pepsi Beverages Company submitted the only proposal. Pepsi suggested raising the vending machine prices by \$0.25, i.e., \$1.50 for a 20 oz. bottle of soda and \$1.00 for a 12 oz. can of soda. Other terms noted below remained the same as their proposal from three years ago.

- No minimum order for sponsorship funding
- \$7,500 sponsorship funding per year
- Commissions range from 35 percent for bottles of soda and water, which constitutes 90 percent of sales, to 20 percent for 12 oz. cans of soda

# **Recommendation**:

The administration recommends the Board accept Pepsi Beverages Company's proposal for beverage services for a term of three years.

Cory,

I just wanted to let you know that I will no longer be able to help assist the Women's Volleyball Program at IVCC, effective immediately. I appreciate everything you have done for me, and I truly enjoyed coaching the girls. If there is ever anything you need in the future, please feel free to contact me.

Thank you, Hailee Brayton

Dear Robyn,

I'm writing to let you know that I have decided to accept the call to the Rock Island Church of the Nazarene. I will not be able to continue teaching at IVCC. This was a sad decision to make as I have really enjoyed working here.

Thanks for all you have done for me - I appreciate your support. Please don't hesitate to get in touch if you need any more information.

Kind regards,

Mark Abbott

Ron Groleau Illinois Valley Community College Oglesby, IL 61348

Dear Ron,

It is with deep regret that I tender my resignation as an adjunct instructor at Illinois Valley Community College. Personal obligations that require my attention would interfere with my ability to devote the proper time and energy required to be an effective instructor. My final day at IVCC will be Thursday, May 12, 2016.

Thank you so much for taking a chance on me by giving me the opportunity to teach at IVCC. Thanks for entrusting me with the intellectual and hopefully practical-skills development of my students, knowledge and talents that they will need to succeed in life. I don't know whether or not I've accomplished much here but I did my best to make a difference.

I apologize if I have caused you any scheduling difficulties. I would have given you more notice if it had been possible to do so.

Hopefully in the future my life circumstances will allow me to again offer my services to your wonderful institution.

Sincerely

M. Walquiti

### Illinois Valley Community College Fiscal Year 2015 Financial Audit

### **RESPONSE TO AUDITOR'S BUSINESS ADVICE**

### Information Technology

1. We recommend that management set a defined period of inactivity where students can expect their user account access and any associated history will be removed from the system.

This has been a topic of discussion at our recent Information Technology committee meetings. A new program from Microsoft (to be implemented for the spring term) will require that we remove student email accounts for students after they leave the college. The timeline for terminating their student email account and associated history will be established by this requirement. (Tentatively, we plan to create an alumni email account so they can remain in contact with the college.)

### Office 365 is scheduled for implementation for summer semester.

2. It has been over five years since the college has performed a review of their IT environment. We recommend that management perform an independent assessment of their external perimeter at least annually.

We are talking to the IT auditor at Wipfli about arranging for their IT services group to do an IT audit and penetration testing. A cyber security assessment can also be completed at the same time. We have budgeted \$10,000 for this purpose for FY16 and plan to budget this amount every year.

# We received a quote from Wipfli but it was over \$25,000. We have asked if some of the quoted services can be reduced.

3. We recommend the college develop a written disaster recovery plan.

The Strategic Plan for Information Technology is updated annually. Goal 6, Security, Objectives 6.1 and 6.2 address the security of data, software and hardware, and information security awareness.

### We are currently working on securing a backup internet connection.

4. We recommend the disaster recovery testing of critical servers be performed at least annually. Also, documentation of the testing should be maintained.

This will be implemented in FY2016.

This duty will be assigned to new personnel.

### **Outstanding Checks**

In our review of bank reconciliations we noted that there are several outstanding checks that are older than a year. We recommend that old outstanding checks be reviewed to see if they can be cashed and if not, those amounts should be reported to the State of Illinois as unclaimed property.

A procedure for following up on outstanding checks has been in place but due to a reduction in the accounting staff this task had fallen behind. The procedure has been reviewed and is being followed.

### Procedure has consistently been followed since August 2015.

### **Uncollateralized Deposits**

We noted that one bank did not pledge sufficient collateral to cover the College's deposits in case of a bank failure. We recommend that collateral levels be reviewed throughout the year to make sure sufficient collateral is being held in the College's name to cover its deposits.

The accounting staff verifies collateral on a quarterly basis.

### Collateral is being confirmed on a regular basis.

### **Capitalization Policy**

We obtained the College's capitalization policy and discovered that the College is capitalizing all capital assets over \$2,500. The federal government has raised the capitalization threshold to \$5,000 so we recommend that the College raise its threshold to that amount to reduce the accounting for those small capital assets that are not required to be tracked.

The board policy will be changed allowing for a capitalization threshold of \$5,000 rather than \$2,500.

Board policy change was implemented.

### Cybersecurity

Cyber-attacks are happening more frequently and can be devastating to the reputation of an entity. Thieves have gotten smarter, and technology more complex. Rapidly changing IT environments call for security programs that stay on track, yet continually evolve. We highly recommend the College complete a cybersecurity evaluation. This engagement will help the College assess the current controls and policies in place, detect any vulnerabilities, and help the College close these gaps. Because the College has sensitive information of students, employees, and citizens, we recommend this evaluation.

We have made every effort possible to secure the IT systems (new firewalls, up to date virus and malware protection, required software updates to eliminate vulnerabilities, etc.) but need to do much more. The college is reviving the Information Security Committee to continue addressing and providing training on "Red Flags" and Information security.

A reorganization of the Learning Technologies Department created an opening to hire someone whose primary role is network security.

### Affordable Care Act

Some colleges are confused as to whether the Affordable Care Act (ACA) applies to them. Since you offer health benefits to your employees, you are subject to ACA mandates. In addition, since you have more than 50 full-time employees, you are subject to new reporting requirements. We recommend the College review the new regulations and verify they are in compliance.

College staff is well aware of the ACA mandates and works closely with the health insurance consultant and third-party administrator to make sure we are in compliance. The administrative software, Colleague, provides tools to help with the reporting requirements.

All forms/information have been distributed in a timely manner. The 1095 forms were mailed by the 3/31/2016 deadline.

We inspire people to plant, nurture, and celebrate trees.

Dr. Jerry Corcoran, President Illinois Valley Community College 815 N Orlando Smith St Oglesby, IL 61348-9692

Dear Tree Campus USA supporter,

Congratulations on Illinois Valley Community College earning 2015 Tree Campus USA recognition. Tree Campus USA, a national program launched in 2008 by the Arbor Day Foundation, honors colleges and universities and their leaders for promoting healthy trees and engaging students and staff in the spirit of conservation.

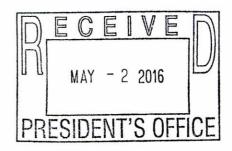

To obtain this distinction, Illinois Valley Community College met the five core standards for effective campus forest management: a tree advisory committee, a campus tree-care plan, dedicated annual expenditures for its campus tree program, an Arbor Day observance and student service-learning project. Your entire campus community should be proud of your sustained commitment to environmental stewardship.

As you know, trees are a vital component of campus infrastructure and landscaping. First, properly-placed trees create a welcoming space for students, staff and alumni, providing muchneeded relief from heat and a quiet place to reflect or study. Second, trees keep our air and water clean and remove harmful pollutants. Third, trees save money by reducing energy use and improving stormwater management. By earning Tree Campus USA recognition, your campus has shown its commitment to protecting and preserving its valuable tree resources and will reap their benefits for generations of students to come.

Again, congratulations! Your diligence in improving the environment and quality of life at Illinois Valley Community College contributes to a healthier planet for all of us.

Best regards,

Dan Lambe President

Dear A.D.:

Recently I had the pleasure of umpire a college baseball contest involving a team representing your institution. I just wanted to let you know how very respectful, courteous & kind all of the players, coaches & fans were. They not only represent your school in a most favorable way, but all of them are great assets and ambassadors to your community as well!

Please let me know you received this letter. Thank you for your time & attention regarding this matter.

Sincerely,
