# How quickly can you reach ALL of your travelers?

Do you have communication tools in place?

Do you have visibility to your travelling community before, during and after travel?

# The problem isn't that you can't mandate.

The problem is data can only be used when travel is booked **INSIDE** the system.

### providing visibility into managed and unmanaged travel

# Success story: University of Tulsa

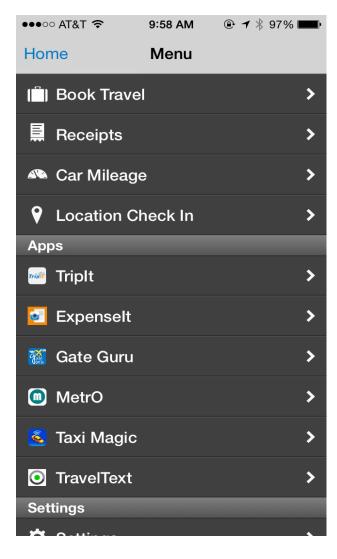

TripLink provides University of Tulsa with a simplified T&E system.

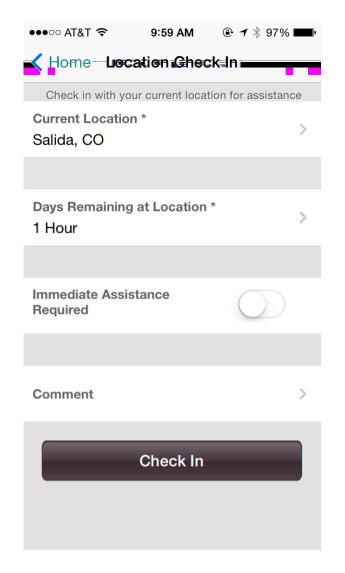

Concur TripLink allows our employees to book where they want, to create a consolidated itinerary, provide the University duty of care and then bring all that information into their expense report.
