**Black Hawk College Partners with
Transact Payments to Consolidate
Payment Solutions**

April 20th, 2023

Meet Our Presenters

Dan Glass

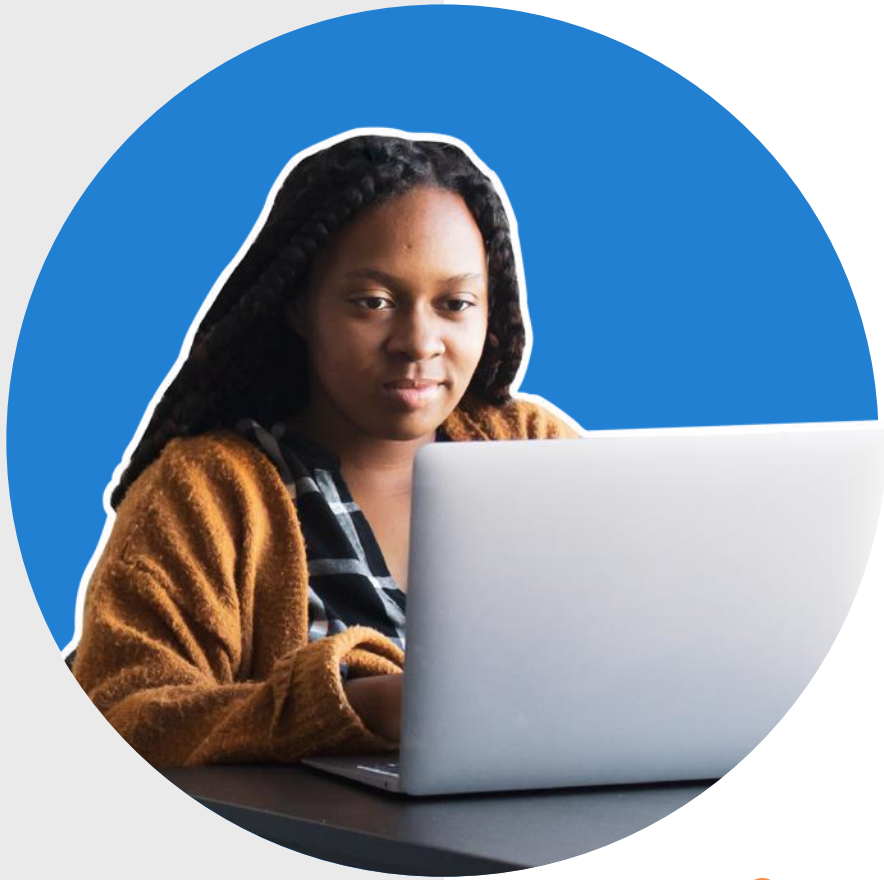

Senior Account Executive
Transact Campus

Dena Grunewald

Director of Accounting
Black Hawk College

Desired Improvements at Black Hawk College

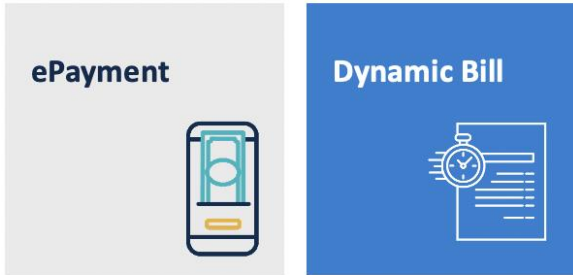

- Simplify Bursar Office third-party vendor relationships
- Streamline in-house credit card processing even further
- Enable parent access for payments
- Improve student experience regarding real time balances and ebill statements
- Refresh payment plan process for efficiency and improved transparency
- Modernize communications regarding student accounts
- Utilize administrative tools & standardized reports for our needs
- Improve internal cashiering process
- Enhance eCommerce for non-student payments

Overall Goal:

Implement a Payment and eCommerce solution that allows for consolidation of payment channels into an simplified “one-stop-shop” for all parties involved.

TRANSACT

THE PROPOSED SOLUTION

Transact Integrated Payments Suite

- Robust, ADA compliant, mobile ready, and an overall better experience
- Credit Card Processing via Transact Campus
- 2-day Settlement and Daily Fund Deposits to the School's Bank Account.
- ACH Processing with NACHA Validation
- Transact International Payments – *fully integrated*
- Payment Plans
- Real-time Integration with Banner
- Parent/Third Party Authentication
- Mobile-first and ADA Compliant Design
- Single Sign-On
- Full Administrative Functionality and Reporting
- Transact managed Hosting, Security, Updates, and a dedicated Client Manager for Ongoing Support
- Marketing Support to Drive Awareness & Adoption
- Room to grow into Campus Carding and Mobile Credential

Key Value Propositions

- Enhanced Mobile Payment Experience
- Recurring Payments for Payment Plans
- Robust Reporting & Useful Metrics
- Expanded Tuition Payment Options including including 529 plans, International Payments, and e-wallets
- Reduced PCI Exposure
- Improved eCommerce Functionality
- Efficient Cashiering Processes accelerating payment posting and minimizing manual effort
