IVCC Transfer Guide for Pre-Medicine (including Osteopathic) Majors

Students wishing to transfer for Pre-Medicine can choose any major but need to complete the Pre-Medicine courses prescribed by each university. All state universities (NIU, ISU, SIU-C, SIU-E, WIU, EIU, and U of I) offer a Pre-Medicine curriculum. Colleges listed below offer the Medicine degree. Please see a counselor when choosing your classes. All colleges offering a medical physician degree can be accessed at the following website: <http://www.aamc.org>

Students completing a bachelor's degree at UIC should consult the General Education section of the catalog and their academic advisor to select courses in anthropology, economics, gender studies, psychology, and/or sociology that are approved for General Education.</p> <p>In addition to the course work listed above, applicants to the College of Medicine must take the Medical College Admission Test (MCAT) and apply using the centralized application services (AMCAS or AACOMAS) sponsored by the Association of American Medical Colleges and American Association of Colleges of Osteopathic Medicine. The MCAT should be taken after completion of the minimum pre-medical course requirements. Students are encouraged to prepare thoroughly before taking the exam, as scores from all MCAT exams taken will be released to medical schools upon application. It may be helpful to complete courses outside of the prerequisites in order to expand knowledge, gain experience, and to establish and strengthen critical-thinking and reasoning skills. Students taking the MCAT exam are strongly encouraged to take courses in biochemistry, statistics, psychology, and sociology.</p> <p>The list of courses above includes the minimum course work required for application to the University of Illinois College of Medicine.
