

IVCC DUAL CREDIT PLACEMENT

Dual credit placement options for IVCC English, Science, and Math classes

- ✈ **PSAT/ACT/SAT:** Dual credit students may use official PSAT, ACT, and SAT scores for course placement. You will be required to provide a copy of your PSAT score report. When taking the ACT or SAT, be sure to select IVCC to receive your scores; SAT code: 1397; ACT code: 1056. Official scores must be on file with the college prior to registration.
- ✈ **Placement Tests:** IVCC placement tests are another option. Initial testing is free. Appointments are required at least 24 hours in advance. The first step to registering for placement testing is an IVCC Dual Credit enrollment form from your high school counselor or the IVCC Dual Credit office, dual_credit@ivcc.edu. Filling out an enrollment form establishes your IVCC K-Number and a student ID number, which are required for placement testing. You will also need a photo ID. Tests can be retaken twice in a 12-month timeframe for a fee. To schedule a placement testing appointment, visit <http://www.registerblast.com/ivcc>. For more information, call the assessment center at 815-224-0542.
- ✈ **GPA:** IVCC does not use grade point average (GPA) for placement of dual credit students.
- ✈ **Transitional Coursework:** Area high schools offer transitional coursework in the areas of Math and English that may also allow for students to register for dual credit coursework or to be used after graduation. Please talk to your high school counselor about what courses are offered that may allow you to register for dual credit.

Individualized Education Plans: Students who had Individualized Education Plans (IEPs) or 504 Plans in high school should contact the Center for Accessibility and Neurodiversity coordinator for assistance with going through the placement process. Call 815-224-0634.
