THE ART OF ASSESSMENT

IVCC Assesses

Assessment is an art, so please get your “artifacts” in to the Assessment committee by May 28th—or earlier if you can!

As in semesters past, please assess using one or more of the ILO criteria using rubrics or test questions in Blackboard. The more students that you assess, the better it is for our purposes.

You can always call anyone on the Assessment Committee for assistance.

What you may have missed, if you were not at Professional Development Day:

The Curriculum Committee has approved a new master Course Outline form that lists which Institutional Learning Outcomes can be assessed for each class. All Course Outlines are now in need of updating.

The Assessment Committee has a newly revised [Assessment Plan](#) form which needs to be submitted electronically. While in the past we've asked for faculty to complete one before assessing each semester, this new form will not need updating unless the pertinent information changes; and if everyone teaching the course uses the same method of assessment, then one form can be used for everyone, if desired.

Once assessment data is submitted through Blackboard, please complete the [Assessment Report](#) where you will reflect upon your own assessment results.

Remember: These are our Institutional Learning Outcomes:

ILO#1 - **Communication**: To communicate effectively

ILO#2 - **Inquiry**: To apply critical, logical, creative, aesthetic, or quantitative analytical reasoning to formulate a judgment or conclusion

ILO#3 - **Social Consciousness**: To understand what it means to be a socially conscious person, locally and globally

ILO#4 - **Responsibility**: To recognize how personal choices affect self and society
