**SECURITY AWARENESS, CRIME PREVENTION and SAFETY PROGRAMS:**

**Statement # 5**

**Covers Requirement Ch. 7(4) Covers Requirement Ch. 7(5)**

IVCC Campus Security Department utilizes a number of methods to make students and staff aware of the various safety issues and concerns that exist on IVCC campuses, and in their day to day routine both on and off campus. Below is a list of some of the programs and presentations utilized to achieve those goals.
IVCC Emergency Alert System: IVCC has an (opt out) emergency alert system which sends out text, e-mail, and voicemail notifications in emergency situations to all registered credit students and employees.

Drills: Annual fire and tornado drills are conducted on IVCC campuses. Active Shooter and other drills are being planned for the future.

Safety Guides: A safety guide has been created by the Emergency Management Committee and is distributed to all staff and faculty along with a request that they spend time at the beginning of each semester discussing the safety issues in the letter such as evacuation, shelter etc. This guide is posted in all classrooms and will be disseminated to all employees and students at the beginning of each semester via e-mail.

Safety Presentations: Safety presentations by both Campus Security, the Behavior Intervention Team (BIT), Vice President for Student Services, or Human Resources are made to or coordinated for various employee and student groups such as Department meetings, Union Meetings, Student Government, or Employee Development events, upon request.

Evacuation and Shelter Maps are posted in all classrooms, office areas and in various public locations.

Emergency phones are clearly marked and located inside campus and have direct contact with campus police. IVCC provides individual duress buttons for staff who work in areas where they feel isolated or where they could become involved in confrontational situations. Upon activation these buttons, Campus Security will be notified via a panel and by cell phone.

IVCC Camera System consists of approximately 176 cameras located on the main campus. These cameras are monitored intermittently by Campus Security.

Automatic External Defibrillators (AEDs): 11 AEDs are distributed strategically throughout all IVCC campuses. Training is provided periodically to staff members on AED use and First Aid.

First Responders: IVCC has an established First Responder program which is made up of volunteer staff who assist in emergency situations and evacuations etc. These employees are trained in first aid as well as evacuation and various other emergency situations. They are responsible for personal safety and may be called to provide immediate medical attention to injured persons or to assist responding medical personnel.

Escort Services are available upon request for escorts to and from vehicles. Individuals should contact Campus Security at 815-224-0314 as needed.

Victor training is also provided for employees and students related to Title IX, bystander reporting and Campus SAVE Act.

Immediate Action Guides containing emergency numbers and response information for potential emergency situations are distributed to staff and posted in classrooms, offices and public areas.

CRIMINAL ACTIVITY MONITORING (OFF CAMPUS):

Statement #6 Covers Requirement Ch. 7(6)
IVCC does not own any off campus housing or off campus student organization facilities.

IVCC Campus Security Department and the Vice President for Student Services address incidents of criminal activity or student misbehavior off campus, by use of the Student Code of Conduct when they are brought to the attention of the College and have a potential impact to the campus.

The Student Code reads in part that "Discipline may be imposed whenever a student commits or attempts to commit any act of misconduct on the College campus, or at a sporting event, activity, function or other event sponsored or supervised by the College."

Not all off-campus student activities and travel needs to be reported. To be Clery reportable (Non-Campus), the activity must meet certain requirements. First, the college must have control over the space used for the student activity and/or travel. Control, as defined by the Clery Act, means that there is a written agreement (no matter how informal) directly between the college and the end provider for use of the space. Some examples of a written agreement include reserving hotel rooms, leasing space for athletic purposes, or an agreement for academic space. Second, the controlled space must be used in direct support of, or in relation to, the institution's educational purposes and frequented by students. At IVCC, "frequently used by students" is defined as meeting at least one of the following two criteria:

  • More than one night.
  • Repeated use of the same location - either during the same calendar year or annually.

ALCOHOL AND DRUG ABUSE/POSSESSION:

Statement #7 Covers Requirements Ch. 7(7) and 7(9)
Illinois Valley Community College complies with the Federal Drug-Free Workplace Act of 1988, the Drug-Free Workplace Act, 30 ILCS 580/1 et seq. and the Federal Drug-Free Schools and Communities Amendments Act of 1989, 20 USC section 3171 et seq. While the use of marijuana (cannabis) is allowed in Illinois under the Cannabis Regulation and Tax Act, no person shall use medical cannabis or possess any cannabis product while on any College property or while participating in any College-sponsored programs or events, whether on or off campus. IVCC seeks to improve the work environment, as well as the campus atmosphere, by eliminating drugs and alcohol in the workplace and on the College
The consumption of alcoholic beverages or drugs is forbidden in all areas of the College unless a special permit for the consumption of alcoholic beverages on campus has been issued by the Board of Trustees. No employees, College representatives, students, or visitors are to consume or be under the influence of alcoholic beverages, cannabis, or controlled substances while on any College property. Those found in violation of this policy are subject to criminal prosecution and/or College disciplinary procedures.

The Board of Trustees is authorized to enact procedures as appropriate and permitted by law regarding serving alcoholic beverages at the College. (See Board Policy “Alcoholic Beverage Sales #6.17”)

In accordance with the Drug-Free School and Communities Act of 1989 (20 U.S.C.S §1445, Public Law 101-226), IVCC has enacted two policies 6.7 Cannabis, 6.5 Drug-Free Workplace, which enforce the federal law that prohibits marijuana on campus, even though Illinois law changed regarding legal marijuana use. Marijuana use, possession or distribution is prohibited on all College properties.

EMERGENCY RESPONSE AND EVACUATION PROCEDURES:

Statement # 10 Covers Requirement Ch. 7(11)
(Please also refer to the section regarding Timely Warnings)

IVCC has an (opt out) Emergency Notification System. Any employee or student contact number or e-mail address is automatically downloaded into the system which when activated will send out text, phone and e-mail messages with the relevant emergency information. These include timely warnings, severe weather events, school closings etc. Additionally, PA systems are utilized along with closed circuit TVs. To convey information regarding evacuation or sheltering information. At the Ottawa Center, the on duty Campus Security Officer will make notifications as needed.

Drills: Annual fire and tornado drills are conducted on IVCC campuses. Active Shooter and other drills are being planned for the future.
The need to issue these messages is determined by the Vice President for Business Services and Finance or designee in the event of any in progress threat. In situations where there is time to evaluate the need and content of a message, members of the College's - ERT will meet to prepare the message. These generally include at a minimum, the President, Campus Security Director, Director of Facility Services and members of the President’s Council. This group will evaluate the details of the incident, the degree of danger or threat posed to the public, what action to be taken and the appropriate communication to be sent out. The Director of Marketing and Communications is responsible for the activation of the Emergency Notification System.

Emergency evacuation maps and Emergency Response flip charts are posted in all classrooms and in many public areas. Email reminders are sent out to all faculty and staff asking that they review evacuation procedures and plans with their students each semester.

**TIMELY WARNINGS:**

**Statement # 11**

**Covers Requirement Ch. 7(a)**

In the event that a situation arises, either on or off campus, that, in the judgment of the Vice President of Business Services and Finance or designee, constitutes an ongoing or continuing threat, a campus wide "timely warning" will be issued. The warning will be issued at a minimum, through the following methods:

The Ottawa Center is not equipped with PA systems, but notification of occupants will be conducted by the on duty Campus Security Officer.

**CONFIDENTIAL REPORTING OF CRIMES (LIMITED):**

**Statement # 12**

**Covers Requirements Ch. 7(3)(d)**

IVCC does not specifically allow for confidential reporting of crimes, however, there are reporting methods that will minimize and in some cases eliminate the possibility that your information might become public. These crimes will be included in the annual disclosure of crime statistics, as applicable. Confidentiality of complaints and parties will be preserved to the greatest extent possible, understanding that the College may have an obligation to take some action even if the complainant is reluctant to proceed. Parties and witnesses to a complaint are also expected to maintain confidentiality of the matter, understanding that they will often not have all the facts and that they could impair the investigation by divulging information to persons outside of the investigatory process.

If you are the victim of a crime and do not want to pursue action through the criminal justice system, you may still want to consider one of the following reporting options:

1. Report to Campus Security or Vice President for Student Services with the option of utilizing the Student Code of Conduct process. Code information is available at [Illinois Valley Community College - Code of Conduct](smartcatalogiq.com)
2. Report to college staff members to make a report. In these cases, your report will remain confidential within the College system to the extent permitted by law. These reports will allow IVCC to help ensure your safety and the safety of other students or staff based on the information you provide. With such information, the College can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to particular locations, methods, or assailants, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crimes statistics for the institution.
   
   If you are the victim of a crime and wish to remain anonymous or you have information on a crime that occurred or may occur, you may utilize any of the following reporting options, including reporting by mental health counselors as outlined in the next section. In all of these reporting options it is not necessary to provide your name to make a report.

3. The Student Behavior Incident Reporting form is to document any behaviors or incidents on campus that warrants disciplinary action.
or any behavior that is of concern. This may include violence, threats of violence, inappropriate contact with the teacher or other students, or inappropriate written assignments that reference violence toward anyone. This form is not mandatory, but allows individuals involved in the incident the option to provide additional information regarding the event. Reports for on-campus and extension site incidents should be submitted to the Vice President for Student Services. Incidents at the Ottawa Center can be provided to the OC Coordinator, who will communicate with the Vice President. In the case of an emergency, always call 911. For urgent, non-emergency situations, call Campus Security at x314. https://ivcc-il.safecollegesincident.com/#/login

REPORTING BY COUNSELORS:

Statement # 13 Covers Requirements 7(3)(d)
Transformative Growth counselors have been notified through the Vice President for Student Services of the need to advise self-reporting students of their reporting options outside of the Student Wellness venue. Transformative Growth counselors are informed that they can contact Campus or local Police or the Vice President for Student Services directly, refer or accompany the student to Campus Security or provide the student with the opportunity to report the crime "confidentially" as stated in the Confidential Reporting section below, for inclusion in the Clery report.

This comprehensive plan is found in Board Policy 6.12 Sex Offenses on Campus and Board Policy 6.13 Sexual Misconduct, Sexual and Other Harassment and related college procedures, available at https://www.ivcc.edu/studentservices/titleix.php. In Calendar Year 2022, there were 1041 total student trainings completed, with 894 trainings in the areas of Bystander Intervention (171), Intimate Partner Violence/VAWA (151), Sexual Violence Awareness (282) and Title IX (290).

The policies and procedures contain extensive information regarding all matters addressed in this statement.

Domestic Violence: includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with and has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the State of Illinois, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the State of Illinois.

IVCC prohibits the offenses of domestic violence, dating violence, sexual assault and stalking and reaffirms its commitment to maintain a campus environment emphasizing the dignity and worth of all members of the College community. This policy applies equally to all students and employees regardless of the sex, gender, sexual orientation, gender identity, or gender expression of any of the individuals involved. No officer, employee, or agent of an institution participating in any program under this title shall retaliate, intimidate, threaten, coerce, or otherwise discriminate against any individual for exercising their rights or responsibilities under any provision of this policy.

Any person may report sex discrimination, including sexual harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment), in person, by mail, by telephone, or by electronic mail, using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. Such a report may be made at any time (including during non-business hours) by using the telephone number or electronic mail address, or by mail to the office address, listed for the Title IX Coordinator at https://www.ivcc.edu/studentservices/titleix.php.

Definitions:

For Title IX reports, definitions, as defined in 2.01.19, will be used in accordance with federal law. IVCC will also support reports for the reported crimes below in accordance with state law. Title IX reports utilize the terms complainant (in place of victim) and respondent (in place of accused.)

Dating and Domestic Violence: Includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the State of Illinois, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the State of Illinois.

Stalking: Knowingly and without justification following or surveilling another on at least two separate occasions and threatening or placing in reasonable apprehension. Stalking occurs when a person knowingly engages in a course of conduct directed at a specific person and knows or
should know that the conduct would cause a reasonable person to fear for one’s own safety or the safety of another person, or suffer emotional distress, defined as "significant mental suffering, anxiety or alarm. Stalking in conjunction with causing bodily harm, confining or restraining a person or violating court order or injunction is also prohibited.

Sexual Assault: Physical sexual acts perpetuated against a person's will, without consent or where a person is incapable of giving consent (e.g. due to the person's age, use of drugs or alcohol, or because an intellectual or other disability prevents the person from having the capacity to give consent).

Sexual assault includes, but is not limited to, rape, sexual assault, sexual battery or sexual abuse including the touching of the sexual organs or breasts of another, the penetration of the mouth, vagina or anus however slight, with any object or organ.

Consent: Consent is defined by 720 ILCS 5/11-1.70(a,c) as "a freely given agreement to the act of sexual penetration or sexual conduct in question. Lack of verbal or physical resistance or submission by the victim resulting from the use of force or threat of force by the accused shall not constitute consent. The manner of dress of the victim at the time of the offense shall not constitute consent. A person who initially consents to sexual penetration or sexual conduct is not deemed to have consented to any sexual penetration or sexual conduct that occurs after he or she withdraws consent during the course of that sexual penetration or sexual conduct."

Bystander Intervention and Risk Reduction: Strategies in incidents of Dating and Domestic Violence, Sexual Assault and Stalking, that do not put the individual at risk, are encouraged. Students and staff are encouraged to recognize signs of potential incidents and to take steps to diffuse or protect the victim. This could include staying with an at-risk intoxicated subject, having a group of students step in to speak to a potential offender etc.

Confidentiality:

Any reports filed will be treated confidentially to the degree permitted by law. Personally identifiable information will not be included in the Daily Crime Log or ASR or any other publicly released source unless required for criminal prosecution. Publicly available recordkeeping will not include personally identifiable information in accordance with section 40002(a)(20) of the Violence Against Women Act and other applicable laws.

In cases handled through the Student Code or Human Resources, the same level of confidentiality will apply to the extent allowed by federal and state law. Personal information of victims will only be disclosed to those who are directly involved in any investigatory, disciplinary or accommodation processes. It will be the responsibility of the Vice President for Student Services, Title IX Coordinator /Deputy Coordinators or Director of Human Resources or their designees to assure that assurance that this policy is followed in cases handled in their particular areas.

Resources and Rights:

IVCC has available internal counseling provided by clinically trained Transformative Growth counselors for students and Employee Assistance Program resources for employees. Additionally, there are numerous external resources available for victims. Please see the section below on “Preventing and Responding to Sex Offenses” for a complete list of free resources.

Students or employees making reports will be provided with a written list of rights and options as to how to proceed. The institution will provide written notification about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available for victims, both within the institution and the community. This will include victims reporting incidents that may have occurred off campus. For a complete list of rights please refer to the "Preventing and Responding to Sex Offenses” section below.

Accommodations and Protective Measures:

A list of victim's rights are also included in the comprehensive policy and in the "Preventing and Responding to Sex Offenses” section above. These include the written notification provided to victims about the availability of reasonable academic, living, transportation or work accommodations for the protection of the victim, regardless of the reporting option chosen by the victim. The institution must make such accommodations or provide such protective measures upon request if reasonably available, regardless of whether the victim chooses to report the crime to campus police or local law enforcement. Accommodations or protective measures will be offered to all parties in a reported incident in accordance with federal and state law and all applicable College policies and procedures.

Investigation and Discipline:

The policies and procedures contain extensive information regarding all matters addressed in this statement. Any allegations that do not meet the standards outlined in Board Policy 6.13 Sexual Misconduct, Sexual and Other Harassment and related college procedures, available at https://www.ivcc.edu/studentservices/titleix.php.

Investigations into allegations made, will be conducted promptly, fairly and impartially throughout the entire process. Rights of all parties will be strictly respected, including the right to have an advisor or witnesses present at all stages of the hearing. Those conducting the investigations will receive annual training regarding the investigation process and the crimes/violations. The preponderance of evidence standard will be used during all conduct proceedings.

If the investigation into an allegation results in a finding against the offender, a variety of disciplinary or criminal sanctions may be imposed. If the offender is a student, sanctions can include warnings, counseling, probation, suspension or expulsion. For employees, disciplinary action can include warnings, written or verbal reprimands or termination. Additionally criminal penalties include supervision, probation and incarceration may be imposed if the case is pursued in the State Criminal Court process.
Both parties will be notified simultaneously of the outcome of any hearing, as well as the College's appeal process.

Level of Proof:

In cases referred through the Student Code, Title IX or Human Resources, the standard of proof required, is a "Preponderance of the Evidence". This means that it must be more likely than not (51%) that the offense occurred and the accused committed it. In the criminal proceedings, the standard of proof is "beyond a reasonable doubt."

SEX OFFENSES (PREVENTION AND RESPONSE):

Statement # 15  Cover Requirements Ch. 8(c)

If you are a victim of a sexual assault, your first priority should be to get to a place of safety. You should then obtain necessary medical treatment. The IVCC Campus Security Department strongly advocates that a victim of sexual assault report the incident in a timely manner. Time is a critical factor for evidence collection and preservation. For information on preserving evidence, please see the RAINN website regarding what to do in the aftermath of a sexual assault. An assault should be reported directly to the IVCC Campus Security Department at 815-224-0314 or in person in room C103. Reports may also be made to the Transformer Growth counselor or the Title IX Coordinator. Filing a police report will not obligate the victim to prosecute, nor will it subject the victim to scrutiny or judgmental options from officers. Filing a police report will:

a. Ensure that a victim of sexual assault receives the necessary medical treatment and tests, at no expense to the victim;

b. Provide the opportunity for collection of evidence helpful in prosecution, which cannot be obtained later (ideally a victim of sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical/legal exam);

c. Assure the victim has access to free confidential counseling from Transformer Growth (on-campus) or counselors (off-campus) specifically trained in the area of sexual crisis intervention.

d. The victim of a sexual assault may choose for the investigation to be pursued through the criminal justice system by Local Police and/or the IVCC Student Code of Conduct, or not pursued at all.

e. Campus Security can assist in obtaining a Civil No Contact Order in cases where there is no prior relationship between the victim and offender and Orders of Protection in cases where a prior or current relationship exists.

IVCC offers the following primary preventive and awareness programs:

a. Safe Colleges/Vector training modules directed at all students and staff.

b. Clery CSA and Title IX Responsible Employee training is mandated for all identified employee groups. Training is available on the Human Resources Portal under the "Safe Colleges" training module tab.
