Camp Kindness 4.0

[Ages: 8-12]

Class ID: 22211

We are excited to announce the return of Camp Kindness for 2025! Camp Kindness is a fun and interactive place to learn about kindness, compassion and the feelings of others! Our time will be filled with cooperative activities to build spirit with a focus on community building. We have invited our friends from Lighted Way to join us! Each day we will include a service project that will be donated to local organizations. On the final day of camp, we will take a field trip on the IVCC shuttle to the Lighted Way School in LaSalle to visit their classrooms and participate in on-site activities and games. Join in character building activities, team building, awareness and problem solving. We will brainstorm ways we can make a difference and practice acts of kindness in our own communities. *Bring a backpack and a sack lunch that does not need to be refrigerated.*

[1 week-3 sessions]

Mon-Wed Jun 16-18 10 AM-2 PM
Room: B-216 Jyllian Ossola \$106
& Lighted Way School, LaSalle

Fish Tales 3.0

[Ages: 7-12]

Class ID: 22212

Explore local waters from a fish's point of view. Check out artificial and live baits, tie your own lure, bait a hook, and learn basic knot tying. Learn about world record catches, water safety, and try your hand at casting. We will also discuss how to read signs at public fishing areas, how to measure your catch and how to release your catch. Field trips will be taken to the Lock 16 Canal & Baker Lake during camp. You will catch yourself loving this fun, family sport. Last year's students had some amazing catches, and some campers even caught their very first fish! All fish caught will be catch and release. *Students should bring a fishing pole in good working condition, backpack, snack, sunscreen and drink to class. We will be using the IVCC shuttle to take field trips to local fishing locations.* [1 week-4 sessions]

Mon-Thu Jun 23-26 9 AM-12 PM
Room: CTC-215 Tricia Haynes \$99

Make Your First Video Game

[Ages: 8-12]

Class ID: 22238

Make your first video game in this one-of-a-kind class that gives you the keys to designing your first 2D platformer game. Conceptualization, level design, graphics, sounds, and simple coding are just some of the concepts that we'll explore. No prior experience is necessary, just a desire to have fun! Student projects will be available on a password-protected Black Rocket website to share with friends and family.

Students will work in pairs or teams for most of the program. [1 week-4 sessions]

Mon-Thu Jun 23-26 1-4 PM
Room: CTC-120 Tim Bradish \$189

Glow & Paint: Giraffe

[Ages: 6+]

Class ID: 22214

Have you ever created a glow-in-the-dark painting? This is your chance! We will be painting a giraffe in this illuminating class! No matter what your artistic skill level, you'll have a blast painting your own technicolor masterpiece. *Bring a snack, bottle of water and wear clothing you can paint in or bring a paint smock. Lunch supervision is available for campers attending the morning and afternoon painting classes on June 24.* [1 week-1 session]

Tue Jun 24 10 AM-11:30 AM
Room: CTC-123 Lucy Schmidt \$39

Glow & Paint: Narwhal

[Ages: 6+]

Class ID: 22215

Join us for an illuminating painting class at IVCC. If you love narwhals and unicorns this class will be perfect for you! No matter what your artistic skill level, you'll have a blast painting your own technicolor masterpiece. *Bring a snack, bottle of water and wear clothing you can paint in or bring a paint smock.* [1 week-1 session]

Thu Jun 24 12:30-2 PM
Room: CTC-123 Lucy Schmidt \$39

Space Camp

[Ages: 5-8]

Class ID: 22228

3...2...1... blast off...in our Astronaut Training Course! Future rocketeers will participate in a science project, enjoy story and craft time and make rockets. We might even sample some "space food." Learn about stars and our solar system and find out if there is really a man in the moon and if the moon is really made of cheese! Meet a real NASA team member! *Bring a snack and bottle of water that does not need to be refrigerated.* [1 week-1 session]

Tue Jun 24 1-4 PM
Room: B-216 Jyllian Ossola \$59

Blast Off! Space Explorers

[Ages: 9-12]

Class ID: 22227

Calling all jr. rocket scientists and aeronautical engineers! Get ready for an ed'venture as we plan and design an Artemis Mission to the Moon! We will identify human needs for moon survival, determine the resources we need and perform a variety of science experiments. We will make bubble powered rockets, astronaut pudding and we will have a REAL team member of NASA from the Planetary Science Division join us! We will also learn how NASA is constantly searching for alien life! *Bring a snack and bottle of water that does not need to be refrigerated.* [1 week-1 session]

Wed Jun 25 1-4 PM
Room: B-216 Jyllian Ossola \$59

Accommodations

At Illinois Valley Community College (IVCC) we strive to provide accessible, innovative learning opportunities that enrich our community. IVCC's Continuing Education Department and Center for Accessibility and Neurodiversity partner to ensure that participants are being offered an accessible learning environment. Participants in need of reasonable accommodations may identify the need for accommodations at the time of registration. Please call 815-224-0427 to register and request an accommodation at that time.

Students enrolled in IVCC Summer Camps should demonstrate independence, motivation and the ability to handle changes in routine. In some circumstances, it may be determined that a student's request for accommodations cannot reasonably be met because of health and safety concerns. Services not available include personal assistance with using the restroom, mobility around campus and eating.

CAD for Kids!

[Ages: 9-12]

Class ID: 21740

Experience the digital design world and bring your ideas to life! Join us for this hands-on computer aided design (CAD) class where students will be introduced to professional-level modeling software that will allow them to create all types of unique designs and projects. **Students will then be given a final project that they will have the opportunity to print, using IVCC's state of the art 3D printers!**

[1 week-4 sessions]

Mon-Thu	Jul 14-17	9 AM-12 PM
Room: CTC-119	Heather Crawley	\$89

Tech for Kids Spotlight!

Virtual Reality

[Ages: 8-12]

Class ID: 22240

Embark on an EPIC adventure in virtual reality! In this cutting-edge class, learn the foundations of VR design by creating your own *virtual* worlds, exploring simulated environments, crafting 3D experiences, and learning basic programming concepts. At the end of the week, take home your first cardboard VR headset to show friends and family the new worlds you created. VR projects can be viewed on a website or mobile device. Students do not need a mobile device to take the class, but will need access to a mobile device at home. VR projects will be available on a password-protected Black Rocket website to share with friends and family. Students will work in pairs or teams for most of the program.

[1 week-4 sessions]

Ecology Bldg. Audrey Moreno \$35
Nell's Woodland, Ottawa

NEW for 2025!

Defy Gravity! Science. Art. Magic.

[Ages: 6-9] Class ID: 22245

Step into the magical world of *Wicked* for a one-day camp full of spellbinding fun! Campers will mix up enchanted science experiments, create Oz-inspired art, and cook up a wickedly delicious treat - all while exploring the magic of creativity and curiosity. Perfect for kids who love a little bit of science, a dash of art, and a sprinkle of kitchen magic! *Campers should bring a sack lunch that does not need to be refrigerated.* [1 week-1 session]

Thu Jul 17 10 AM-2 PM
Room: CTC-123 Ashley Swanson \$59

Battle Bots

[Ages: 8-12] Class ID: 22223

Let the battle begin! Calling all combat masters. Campers will learn to design and build motorized battle robots. Using principles of simple and complex machines, gearing, and mechanical advantage, students will try to flip, push, pull or overcome their opponent's battle robot. The robots will battle against one another in tasks such as sumo-wrestling, tug-o-war, head-to-head combat and much more. Campers will put their skills to the test and see who can build the best battle bot and the designer of the "last robot standing" for each round will be the winner.

[1 week-4 sessions]

Mon-Thu Jul 21-24 9 AM-12 PM
Room: CTC-215 Tricia Haynes \$109

Camp Drop-Off & Check-in

Drop-Off & Check-In

Most camps will drop-off, check-in and pick-up at VCC's Circle Drive located at the Main Entrance.

IVCC staff will meet students at the entrance to the college.

Camps that meet at other locations on campus will receive additional information prior to the first day of camp.

Science Fundamentals

Brought to you by:

[Ages: 6-8] Class ID: 21739

Discover the "fun"amentals of science with two professional chemists from Carus and conduct all new experiments!

Together, we will explore the states of matter, review basic lab safety rules, and discuss the process of the scientific method. Each camper will conduct a special experiment and participate in some very cool challenges, testing these methods. [1 week-1 session]

Filmmaking!

Lights, Cameras, Action!

[Ages: 9-12]

Class ID: 22226

Calling all budding filmmakers! Are you familiar with films and cartoons using stop motion animation? Each morning, you will learn the 'behind the scenes' animation process. Starting with a storyboard plan, students will build characters using a variety of materials and film their actions frame by frame with a digital camera. You will learn the basic techniques and processes of media production. We will use both still photography and iPads to create a variety of film shorts that you will be able to share with family and friends and can be uploaded to your favorite media sites. The finished product will amaze you when you learn how easy it is to do. *Students can even bring their favorite action figures from home to use in their film. A group project will be produced, and you will take home a copy of your first feature film. Campers should bring a snack and bottle of water.* [1 week-4 sessions]

IVCC STEM Academy

[Ages: 13-17]

Class ID: 21729

Embark on a journey of career discovery with our immersive STEM Careers Exploration Camp! Led by IVCC faculty, this engaging 3-day program offers a firsthand glimpse into diverse career paths in the fields of electronics, computer-aided drafting, automotive technology, and industrial technology. Throughout the camp, participants will delve into the requirements and experiences necessary to pursue their career aspirations in STEM fields. Through interactive sessions, students will gain insights into various occupations, learning about the educational pathways and skill sets needed to achieve their

professional goals. The highlight of the camp is an insightful tour of a local manufacturing facility, providing participants with a behind-the-scenes look at real-world applications of STEM principles in industry. Join us for an unforgettable experience that could ignite your passion and pave the way for a rewarding career in STEM!

[1 week-3 sessions]

Mon-Wed Jun 16-18 9 AM-4 PM \$69

SPARK! Jr. Welding Academy

[Ages: 13-17] Morning & afternoon sessions offered, see below for registration information.

Discover the exciting world of professional welding and metal fabrication through our comprehensive program led by IVCC faculty. Gain insights into career opportunities and the necessary requirements to pursue a successful career in this dynamic field. Students will delve into basic MIG welding techniques, workplace safety protocols, manufacturing processes, and fundamental print reading skills. Students will design and execute projects, honing their metal cutting skills to meet specifications. Beyond technical skills, students will also develop essential workplace competencies such as punctuality and problem-solving, ensuring they are well-prepared for success in the industry. Don't miss this chance to embark on a rewarding journey into the world of welding and

metal fabrication, where creativity meets craftsmanship! [1 week-4 sessions]

Students will need to wear long pants without holes, long sleeve cotton shirt and leather boots. Long hair must be tied back.

New for 2025!

YES, Chef! IVCC Teen Culinary Prep

[Ages: 13-17]

Class ID: 22248

Step into IVCC's culinary classroom and explore the art of professional cooking with Chef Bobby Riahi in this three-day, hands-on culinary camp designed for teens passionate about food and the culinary industry. Participants will gain hands-on cooking experience while working with fresh ingredients and essential kitchen tools, in addition to learning professional plating techniques and food safety practices. We will create delicious recipes including dessert while learning the key skills for a future in the culinary arts. With expert guidance from Chef Bobby Riahi, participants will develop confidence, creativity and kitchen skills that will set them apart, whether they aspire to be a chef or just love to cook! *Bring a kitchen knife, cutting board, cooking spatula, kitchen towel and pot holder.* [1 week-3 sessions]

Mon-Wed Jul 7-9 10 AM-12 PM
Instructor: Chef Bobby Riahi \$185

TEEN Career Camps | Ages 13-17

Healthcare Pathways

[Ages: 13-17] Class ID: 21735

Learn various healthcare career paths and the educational requirements needed to achieve your future career goals. Join us for an engaging, interactive four-day career exploration camp spotlighting roles in dental health, nursing, and emergency medical services. Attire should consist of long pants or jeans (no shorts, skirts, or capris) paired with closed-toed tennis shoes.

Monday | Nursing

Students will engage in hands-on practice in the nursing lab, learning to use a stethoscope, assess vital signs, document medical histories, and address patient needs. They'll explore nursing careers and develop critical thinking through class discussions.

Tuesday | Dental Health

Students will practice dental techniques such as taking impressions, evaluating radiographs, and dental charting. They'll also explore dental careers, teamwork, and conflict resolution.

Wednesday | OSF Hospital Tour & Career Exploration

Students will tour OSF St. Paul Medical Center in Mendota, exploring hospital departments and learning about the daily roles of nurses, doctors, and other healthcare professionals. *Transportation to and from OSF is provided by IVCC staff.*

Healthcare Pathways continued...

Thursday | Emergency Medical Services (EMS)

Students will learn CPR, splinting, and vital sign assessment, followed by a hands-on ambulance simulation. They'll gain insight into the importance of reliability in EMS professions.

Mon-Thu Jul 14-17 9 AM-12PM \$49

NEW for 2025!

Gear UP! Jr. Truck Driver Training

[Ages: 16-18]

See below for session information.

Students will learn from experienced pros, practice on IVCC's **new** simulators, take short trips in our vehicles, & gain the knowledge needed to start studying for a Commercial Driver's Permit.

Refund Policy

Students who cancel up to seven days prior to the start of the course receive a full refund. If a student needs to drop a summer camp within seven days of camp due to a medical reason, a full refund will be issued with provision of a doctor's note.

Please use one registration form per child. You may make copies of this form. Fees are due at time of registration. After registering, you will receive a release form in the mail with your registration receipt. Please sign and return this form IMMEDIATELY so your child's registration can be finalized.

We look forward to seeing your best efforts! IVCC Summer Camp students are expected to behave in a positive and productive way so that all children in the classroom have an opportunity to learn. If a student demonstrates unsatisfactory behavior, parents will be notified. Should the behavior continue, IVCC staff reserve the right to dismiss a student from the program. No refund will be made.
