

Behavior Incident Reporting Form

The purpose of the Student Behavior Incident Reporting form is to document any behaviors or incidents on campus that warrants disciplinary action or any behavior that is of concern. This may include violence, threats of violence, inappropriate contact with the teacher or other students, or inappropriate written assignments that reference violence toward anyone. This form is not mandatory, but allows individuals involved in the incident the option to provide additional information regarding the event. Reports for on-campus and extension site incidents should be submitted to the Vice President for Business Services through this form or by sending a report through <https://ivcc-il.safecollegesincident.com>.

Date of the Incident: _____ Time of the Incident: _____ Location: _____
