

IVCC Agriculture

Program expands with Agriculture Business Management Degree

IVCC's Agriculture curriculum is expanding with the addition of the new AAS in Agricultural Business Management degree.* The degree will prepare students for employment or self-employment in the food, agriculture, renewable natural resources, or environmental fields.

You will learn essential agricultural technology and management skills, and sales and marketing techniques. Students with an AAS in ag business management can find employment in the agribusiness input sector, production, or management professions.

Willard Mott

IVCC agriculture instructor and program coordinator Willard Mott is a graduate of the University of Illinois College of ACES and was the ag instructor at Bureau Valley High School for 11 years. His strong leadership is steering the program toward exciting opportunities and partnerships.

Agriculture Transfer Degree

IVCC ag majors can complete their two-year degree and go immediately to work or transfer to complete a four-year degree at a public Illinois university while saving thousands in university tuition and fees.

Fall 2017 Ag classes include:

- Introduction to Field Crop Science
- Introduction to Agriculture Mechanics
- Introductory Soil Science
- Introduction to Agricultural Business Management
- Introduction to Agricultural Industry

*Animal Science is offered online through
U of I College of ACES*

Many ag scholarships are available through the IVCC Foundation.

Call (815) 224-0551 or stop by room C-202.

Visit www.ivcc.edu/agriculture for program details or call Willard Mott at (815) 224-0413 or email him at willard_mott@ivcc.edu. Call (815) 224-0447 to register.

* Pending State Approval
