Welcome to the online Intro to Crop Sciences course! Below you will find the information you need to log in to the Elluminate system to access the course.

**HOW TO LOG IN TO THE COURSE:**
You will be participating in this on-line course via the Elluminate website/course delivery system. Please go the [http://www.elluminate.com/support/](http://www.elluminate.com/support/) prior to your first session to conduct the computer configuration to join the Elluminate sessions. You must do this before the first class. Once you have completed this step please go to [http://www.elluminate.com/member.jsp](http://www.elluminate.com/member.jsp) (or to the icon at the top that says “my elluminate”) to log in to the course sessions. For more information on computer requirements visit: [http://supportcenteronline.com/ics/support/KBAAnswer.asp?questionID=259](http://supportcenteronline.com/ics/support/KBAAnswer.asp?questionID=259). If you have questions or problems with accessing the course please contact: Tony Suttle at suttle1@uiuc.edu. Please do not wait until right before the class time to configure your computer! The first time takes a while to load all the new files (approximately 10 minutes depending upon internet connection speed.)

Your Elluminate login and password do not need to be kept private as there are no grades or other private information found in the system or held in the system. It is simply a virtual meeting space.

**TO REVIEW ARCHIVED SESSIONS:**
Log in at “my elluminate” using your password and information. Then at the top of that page go to “utilities” and then select “recording playback”. From there you will be able to set a date range of courses you have access to (should you be in multiple Elluminate delivered courses) and then you bring up all the archived sessions in that date range for you to “play” and listen to.

**Illinois Compass Course Management System:**
Course information will be available/posted on the Illinois Compass course management system (class website) found at [http://compass.illinois.edu](http://compass.illinois.edu) such as the syllabus, assignments, grades, readings, and lecture notes. To access Illinois Compass, open your browser, and type the URL [http://compass.uiuc.edu](http://compass.uiuc.edu) into the address box. Please login with your NetID and your NetID password (this will be sent to you separately from Heather Miller.) Be sure you keep your Net ID and NET ID password private.

Browser requirements for Illinois Compass: The following browsers have been certified by Blackboard to work with the version of their software used for Illinois Compass: Windows users: Firefox 2.0 (recommended), 1.0.x, 1.5.x; Internet Explorer 6 (SP1, SP2), 7; Netscape 7.2; Mozilla 1.7.x; AOL 9.0. Mac OSX users: (OS9 is not supported): Safari 2.x (recommended), 1.2, 1.3; Firefox 1.0.x; Mozilla 1.7
