

Tuition Assistance (TA) funds are awarded at the beginning of the semester, but are not fully earned until after attending / participating 60 percent of the semester. Students who withdraw or stop participating from courses covered by the TA program, prior to 60 percent of the semester, will have their TA benefits recalculated in proportion to their last date of attendance. Unearned funds will then be returned to the government. Any IVCC tuition balance created by the return of unearned funds will become the responsibility of the student.

The charts below are examples of the percentage to be returned to the government. Please note that the calculations below may differ slightly based on the number of days in each semester. The Fall Thanksgiving break and Spring break days off are not included in the calculation of unearned funds.

To verify the exact amount of TA funds to be returned, please contact the Veterans Benefits Advisor, located in the Financial Aid Office, room CTC-101S, on the Oglesby campus.
