NoodleBib Guides: Export bibliography

1. Go to http://www.ivcc.edu/library
2. Select Citing Your Sources from the left menu
3. Click into NoodleBib
4. Login using the personal ID and password you established.
5. Click into your project.

Once you open a project, you can move to the Bibliography from the Dashboard screen or by clicking on the Bibliography option on the menu bar.

Question:
How do you get the sources listed in your Bibliography screen into your paper?

7. Use the Print/Export drop-down menu to select Print/Export to Word.

This opens Word and your works cited or reference page is displayed properly for your citation style.
